DEAR BRIDE

Congratulations on your Engagement and the special time that lies ahead!!

Thank you so much for considering me to be part of your unforgettable day!! It's truly an honour and I know that I am going to absolutely love being part of your wedding.

Make-up has been such a huge part of my life since I was a little girl. From playing with my little Tinkerbell sets and then later in my Mom's Make-up kit, I found that it's not just "work" for me...it's my true love (besides my daughter and husband of course).

Here is a few things I would like to share with you,

The make-up I use on my Brides varies from MAC cosmetics, Bobby Brown, Chanel, Giorgio Armani, Urban Decay, Charlotte Tilbury, Dior and Smashbox.

I will be finished with your hair and make-up 1hour-1h30 before your leave for the Ceremony so that the photographer has sufficient time for Bridal portraits and any changes can be attended to without making you late for your special day.

TOUCH-UP KIT: You will receive a Lipstick/Lipgloss sample, and a few other goodies to use for during the day and later in the evening. My team and I will leave the venue once the touch-ups have been done and the Bridal party is dressed.

Your booking will be secure once the booking form and booking fee of 50% has been received. Please email me proof of payment to info@claritasmit.co.za & uses your name/wedding date as reference.

As an engagement gift from me to you, I have decided to unveil my special wedding prep secrets so that you can look and feel your best on your big day.

6 MONTHS BEFORE THE WEDDING

SKIN FIRST

Now is the time to perfect your skincare regime for a healthy glow. Protect, hydrate and remove/prevent undamaged spots and any pigmentation. Products that I can highly recommend are Lamelle, Skin Ceuticals and Neostrata.

A visit to a Skincare Therapist/Specialist and regular skincare treatments can make a world of a difference so be sure to work it into your busy schedule (and budget).

For home care I would definitely advise your invest in a good exfoliator (Some of my favourites are Lamelle Correctives Cathepzyme) and of course lets not forget the basics a daily Cleanser plus AM & PM moisturisers.

A beauty serum that I personally believe in is Skin Ceuticals CE Ferulic serum and for the eyes I would recommend Lamelle Dermaheal eye regeneration plus cream (alleviates dark circles and reduces fin lines) and Nimue Eye serum.

SUN KISSES

For that summer glow it is best to stay safe and protect your skin as far as possible. Sunblocks I trust in and would recommend are Heliocare SPF50 and Bioderma's sun care products. I generally prefer self-tan over a sunbed or tan-can.

Whichever route you decide on be sure to try the products out long in advance to ensure that it doesn't give you a rash and that the colour does not turn out yellow. Self-tanners that I can recommend are Skinny Tan, Fake Bake and Vita Liberata.

PLUMP it UP

If you are considering Botox please keep in mind that it takes three to four months to wear off so the fist time you go for a treatment should be at least four month before your wedding in case you are not satisfied with the results it is something to get used to but if its done right the results look amazing. It can however affect the way you smile so choose wisely.

HAPPY, HEALTHY DAYS

Make sure to take your vitamins & minerals regular. A healthy body is a happy you. I would recommend Collagen - I personally use Onutrica Collagen. I also drink Probiotics for my gut (amazing) Vital's hair, skin and nails vitamin products are also stunning. Start making it a habit to drink Vita Thion daily, as this will hydrate and give you a healthy skin and loads of energy,

Another personal favourite is the Green powder. This product is excellent! It detoxes, cleanses, prevents break-outs, is a powerful antioxidant and destroys free radicals in your skin that cause ageing.

Another must is a good vitamin B-complex to assist you with the sustained release of energy as well as Flaxseed oil for radiance and aching joints.

BRIDAL BODY BEAUTIFUL

Start early with a good exercise programme to keep the energy levels up, the stress levels low and your skin fresh and fabulous. Go for regular steam baths or saunas as this will help to get rid of bad toxins.

Products I can recommend for your body to Exfoliate, a personal favourite of mine is the LUSH cosmetics (RUB RUB RUB scrub), and/or Annique Skin Cares yellow skin buff. For cellulite Annique has two creams - one for the AM and one for the PM. Annique also has a brilliant meal replacement shake to drop some unwanted kilos or you could even give Patrick Holford's Low GI diet a try.

3 MONTHS BEFORE THE WEDDING

HAIR PREPARE

I would recommend you start going for hair treatments 2-3 months before your wedding and to colour your hair a week before. Also, I would definitely suggest treating yourself to a Brazilian blow dry, especially for ethnic hair. It does wonders! Making use of a good hydrating mask will be very beneficial as well.

Knowing what type of hair you have will ensure you go for the correct treatments, and use the right products for your needs. If your hair becomes oily after the first day of washing you have oily hair. When you find dandruff flakes on your scalp and split ends you can be sure that you have dry hair. You have normal hair if you do not have any of the above problems.

2 WEEKS BEFORE THE WEDDING

The time is drawing nearer so now is the good time to get everything ready and set to go go go the last week before your big day. If you want eyelash extensions I would recommend coming two weeks before your wedding for a full set applications you can get used to it. There is also a possibility of an allergic reaction towards the adhesive. If this happens we will need to remove the lash extensions and go a different route.

1 WEEK BEFORE THE WEDDING

NOW you are in the home stretch

Stay hydrated by eating food with high water content (like salads) and drinking plenty of fluids. Focus on keeping your skin well moisturised and on controlling your stress levels since stress can lead to sensitive irritable skin and break-outs.

If you are planning a spa day careful check all the products being used on you, you do not want to find out you are allergic to certain ingredients and breakout before your wedding.

A fully body exfoliation is a great idea to give a healthy glow but remember however to be gentle. Do not use harsh scrubs, since they can irritate the skin, instead remove dead dull skin with a moisturiser that contains gentle exfoliating ingredients such as lactic or glycolic acid.

So there you have it girls - my beauty bridal tips to help you blossom on your big day. Do feel free to pay me a visit so that we can discuss some more wonderful ideas over a cup of tea.

See you soon, Clarita
